ABOUT US

Kupels Bakery opened in 1978 at the original site of Bagels King.

It took two years of renovations and a lifetime of savings to start the bakery. Owned first by Allan and Diane Kupelnick who built the store reputation to its best.

After many years the owners decided to sell the business to the family of their long time employee and then manager.

Thanks to our customers we were decorated many times for being one of the best bagels shop in the United States as a result we will continue with the tradition and the hard work for them.
